Pictures from the April 14 event in Savannah. Parental comments from the April 28 session in Hinesville.

"We were walk-ins to the library and my kids particularly enjoyed the hand chimes and learning about instruments they didn't really know much about. Thank you. This is a wonderful program."

"I liked everything. The kids loved exploring the piano, the big drum and the ukelele. The Invisible String was awesome! It was fun."

"My child enjoyed the story-telling, playing with all the different instruments and making new friends. I especially appreciated the lessons about sharing."

"My child loves all types of music and liked everything about the day."
