

# Music Medicine Institute Flies Flag at American Music Therapy Association 2012 Conference, "Changing Winds: Innovation in Music Therapy."

The music therapy event of the year focused on the winds of change, new directions, innovations and new answers for both professionals and students engaged in music therapy.

MMI Founder and Director Elizabeth Jacobi (left) and MMI Associate Jeannelle Benek man the booth and greet attendees at the AMTA 2012 conference in St. Charles, IL, near Chicago.

Conference participants showed significant interest in and enthusiasm for MMI's Month of the Military Children program.
